VOL. XXVI, NO. 163 GAINESVILLE, FLORIDA, SUNDAY, JUNE 6, 1909 TEN CENTS A WEEK

CLOSING SCENES IN THE FLORIDA LEGISLATURE

Both Houses Adjourned in Good Humor---As Per Custom, Clocks Were Turned Back.

TALLAHASSEE, June 5.—With good fellowship reigning the 1909 session of the Florida Legislature came to a close this morning. It was hours after midnight before adjournment was reached but the clock was turned back in accordance with custom so as to keep within the constitutional bounds of the midnight hour.

All day clerks and attaches were kept on the hustle. Bills were rushed through and railroaded across to the other house for passage. Several committees on conference had to be appointed to enable the two bodies to get together on mooted points in some of the general bills. But the general appropriation bill and the measure carrying appropriations for the educational institutions were passed.

The Senate chamber and the hall of the House of Representatives were each crowded with ladies when the presentations to the presiding officers took place. President Hudson, of the Senate, received a beautiful silver service from his fellow Senators and a gold watch from the attaches. Speaker I. L. Farris, of the House, received a silver service from the members and Speaker pro tem. John P. Stokes a gold headed cane.

There was some time to spare while the enrolling committees were rushing the bills into shape for final signature by the presiding officers and the House especially gave up some time to fun and frolic and speeches galore. The Senate at a late hour, however, had a little difference with the Governor. He sent up a message vetoing a bill allowing trustees of special school tax districts to issue bonds for school buildings. In his message he stated that capitalists might be inadvertently swindled by this means, owing to certain constitutional grounds. Senator Flournoy objected to this. The Senate voted 13 to 12 to override the veto, but lacked the necessary two-thirds. By a vote of 16 to 12 it then decided to expunge from the journal the objectionable part of the message.

IN THE HOUSE.

The House concurred in the Senate amendment to House Bill No. 513, which is the general military bill.

The Senate requested the House by resolution to waive its rules and take up and consider Senate Bill No. 390, Cone, for State uniformity of text-books. An attempt to waive the rules, as the resolution requested, was lost by a large vote.

The House concurred in the Senate amendment to House Bill No. 769, which cut down the appropriation to the Colored Normal School at Tallahassee.

The House concurred in the Senate amendments to House Bill No. 705 (Cash), in reference to the primary system, and requiring certain sworn statements.

Mr. Brown of DeSoto made a motion to reconsider the vote by which the Senate amendments to House Bill No. 678 were concurred in in the morning.

The motion was passed and the House refused to concur, which meant that the House insisted upon leaving the clause in the bill which provides for the suspension of the board of health tax for two years.

Senate Bill No. 733, to authorize the Comptroller to take $50,000 from the board of health fund to be used to answer the needs of the pensioners. Passed.

The general appropriation bill being before the House before its last adjournment, it was taken up and read for its second time.

House adopted amendment lowering salary of private secretary to the Governor, leaving it as at present.

Amendment to cut down clerks and stenographer in the executive office from $450 to $360 was withdrawn after an appeal by Mr. Wells.

Amendment by Wells to raise the salary of the chief clerk to the Secretary of State was lost.

Amendment to raise the salary of the State Chemist to its former amount before the Senate cut it down was carried.

By amendment of Mr. MacWilliams, clerical aid was given to each of the judges of circuit courts to the amount of $750.

Amendment adopted allowing the State Auditor an extra clerk.

The bill was put on its third reading and passed, as amended.

The Senate in the afternoon insisted that the House recede from its refusal to concur in the Senate amendment to House Bill No. 678, for general taxation of property for the succeeding two years.

Senate Bill No. 337—Providing for the issuance of county bonds for the improvement and construction of hard roads and bridges by vote of freeholders of said county. By waiver of the rules the bill was put on third reading and passed.

Senate Bill No. 44—Relating to the issuance of execution of stockholders against corporations. By waiver of the rules the bill was put on its second and third reading and passed. Adjournment was then taken.

Night Session.

The committee on conference to meet with the Senate in regard to the Senate amendment to the Hatcher general taxation bill was received, which report recommended that the House concur in the amendment to continue the board of health tax for the next two years. The House concurred in the amendment.

Senate messages were then taken up.

House concurred in the Senate amendment to House Bill No. 216, relating to the challenge of jurors.

The Governor notified the House that he had vetoed House Bill No. 27, which was a duplicate of a Senate bill previously passed and approved.

The veto was unanimously sustained.

House Resolution No. 142, extending the thanks of the House to the people of Tallahassee, especially the ladies, was adopted.

House Bill No. 753, Bynum, to provide for a drinkers' tax, by motion of Mr. Hatcher, was brought up and read for a second time. A number of ridiculous amendments were offered and adopted. The bill was indefinitely postponed.

The House resolved itself into a committee of the whole to consider such business as might be before it.

Mr. Nat Walker expressed feelingly his gratitude in response to the resolution passed by the House in the afternoon extending to him sympathy because of an accident to his son, which occurred yesterday.

The House concurred in the Senate amendments to the general appropriation bill.

Following the usual custom, the Speaker was presented with a silver service.

IN THE SENATE.

Twenty-three members were present when the Senate was called to order at 10 o'clock.

Senate resolution No. 63, Cone—Asking House to waive rules and pass State uniformity bill. Passed.

Vote on final passage of House Bill No. 769, making appropriation for the State educational institutions, was then taken, the bill being passed by a vote of 26 to 2.

The Governor's veto of the Leggett school bill was then taken up for consideration. The vote stood 15 to 12, but lacked the necessary two-thirds, so the veto stands.

The State appropriation bill was then taken up and passed.

The tax levy bill was then taken up. After slight amendment the bill was passed.

The bill transferring $60,000 from the board of health fund to meet deficiency in the pension tax fund was taken up and passed.

House Bill No. 216, Carter of Alachua, relating to challenge of jurors. Passed.

The Senate concurred in the House amendment restoring the salary of the State chemist to $1,250.

Night Session.

Twenty-one members were present when the Senate was called to order shortly before 9 o'clock.

Senator Harris arose to a point of personal privilege in behalf of his fellow Senators and in a fitting speech presented President Hudson with a beautiful silver water set.

President Hudson accepted the gift with well-chosen words, expressing his appreciation and speaking of the pleasure experienced in presiding over such a body.

Senator McMullen urged that all differences should give way to good fellowship as the curtain falls on the session of 1909.

Senator Beard spoke in a similar vein.

Senator Flournoy also spoke eloquently.

Senator Harris then introduced Assistant Reading Clerk Columbus Smith of Madison, who, with an eloquent speech in behalf of the attaches of the Senate, presented the President with a gold watch.

This drew forth from Mr. Hudson words of deepest appreciation.

A message was received from the Governor, transmitting his veto of the bill allowing trustees of special tax districts to issue bonds for the erection of school buildings.

The vote on overriding the veto stood 13 to 12, lacking several votes of the required two-thirds.

A resolution by Senator Cone was adopted extending sympathy to Senator Baker of the Twenty-ninth, who is ill in a hospital.

BASEBALL BENEFIT.

Special Attraction Secured for the Baird Theatre This Week.

Through the efforts of Manager Kalbfield of the Baird Theatre and Manager Davis of the local baseball club, they have secured a great novelty in the personage of the Leaning Lavonne, who is a being of exceptional ability. He has entertained many thousands with his acts, which he changes to suit the public. He is a comedian way above the average and keeps the audience interested in the way he has in producing them. He must be seen to be appreciated. His side and front leaning is the most wonderful piece of defiance of all the leading sciences, when, without of aid of any mechanical apparatus, he can lean over any way he sees fit. He has been and is the wonder of the century, and has been pronounced so by all who have witnessed his performances. Besides this act there will be another great specialty announced in this paper later, and in addition to this there will be three reels of moving pictures, which will be changed nightly. There will also be one beautiful illustrated song.

This is meant to be a gala event and every point will be used to make it so. Come to the Baird Theatre this week and help the cause, which means your city having a good baseball club, which will this season furnish you many a good afternoon's enjoyment.

The tickets are being sold by several of the popular young ladies of the town, who will call on you.

BLANDING TO HAVE ABOUT FIFTY MEN

WILL LEAVE WITH FINE CROWD FOR STATE ENCAMPMENT.

Only Two Commissioned Officers to Accompany Guards, as Lieut. Wheeler Is in the West.

Captain J. W. Blanding of the Gainesville Guards will leave Tuesday for the State encampment with a full quota of men. The new site is located on the St. Johns river, near Jacksonville.

Capt. Blanding stated to the reporter Saturday that he was already sure of about forty-five men going from here and Micanopy together and he was of the opinion that the number would be increased to fifty, which wil make an extra fine showing for Gainesville.

During the past two weeks he has had regular drills and worked the boys hard that they may better put up a creditable showing at this meeting of the State troops.

All the Guards will be "rounded up" on Monday and the final preparations made for the trip, as they leave here early Tuesday morning over the A. C. L. and will remain in camp about ten days or two weeks.

This is the first meeting of the entire State troops since the big meet at Tampa several years ago, and much interest has been manifested throughout the State by the various companies.

The new location, which was selected by a committee from the Legislature, is an exceedingly pretty site, on a high bluff about thirty feet above the St. Johns river, and the grounds are well dotted with beautiful shade trees, which will add to the beauty and pleasure of the trip for the men.

NEWS OF CITY AND COUNTY CONDENSED

Clarence Wertheim and Roy Manasse expect to leave today for Memphis, Tenn., where they will spend the next few weeks.

Capt. A. Paul, who has been absent in Pensacola and other points on business connected with the land office, returned to his home here yesterday.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by all druggists.

J. G. Beville, the trucker of Arredondo, was here yesterday on his usual weekly trading trip. He states that the rain was a great benefit to his section and as a result the farmers are busy planting sweet potatoes, something that is staple with them.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all druggists.

Well Pleased With Watch.

Messrs. Phifer Bros., City.

Gentlemen: I desire to thank you for the beautiful watch awarded me by your firm on last Saturday evening as a result of your coupon plan. The design of the case is neat and pretty and the works of the Waltham make, considered as good and durable as are made. The watch is a splendid time-piece, and I am in every way well pleased with it.

Respectfully,

MRS. F. M. PREWITT.

Gainesville, June 4, 1909.

THE HYDE CO.

—The Big Daylight Department Store—

For MONDAY and TUESDAY we're going to make White Goods and Embroideries our Specials again.

We've already sold this season more of these goods than have ever been sold during the whole season here before.

And why?

Because we've bigger stocks than have ever before been carried in this section, they were bought at a less price than ever before, and we have sold them at prices never equalled here.

And yet with this tremendous selling we still claim "The Largest Stock of Laces and Embroideries carried in Florida." Only this last week we received in India Linons alone 2,160 yards to be sold at 8 1-2, 10, 12 1-2 and 19c. This is only an example of the lavish way in which our buyer provides us with the cream of market.

Now, the past few weeks of our Special Embroidery Sales you were pleasantly surprised at the values we offered—they were even more tempting than you had expected to find at the Hyde Store—the home of good values.

And now we feel 'tis only necessary to say: "We're going to have special offerings in White Goods and Laces and Embroideries on Monday and Tuesday. Come."

The Second Brigade of Confederate veterans will meet at Gainesville next year, date to be fixed by the Stonewall Camp. They will be gladly welcomed.

The Fort Meade Observer remarks: "A good opportunity is awaiting a young and progressive lawyer to establish an office here to ply his profession at Fort Meade." Bidding for trouble.

If President Taft does nothing else of moment during his administration than place the affairs of this government on a business basis and check the extravagance of recent years, he will have rendered a service to his country of incalculable value.

According to recent Washington dispatches the administration is much worried over the conditions existing in Cuba. Nothing has occurred, so far, which would require interference by the the United States, but evidently there exists great anxiety in administration circles.

The market for Sea Island cotton in Savannah was dull last week. Holders were asking outside prices, but while there was some inquiry, buyers were not prepared to pay the advance. Crop accounts in the main are favorable. Needed rains have fallen in some sections and temperatures have been higher. Sales for the week were 10 bales. Fancy Georgias and Floridas are quoted at 21 to 22 cents, with extra choice at 19 to 20.

Hastings is said to have a bumper crop of potatoes this season, yet the general complaint is that it has cost more per barrel to harvest this crop than it did last year, when the crop was short. The Hastings potato grower hires a man to dig his potatoes at $1.25 per day. No matter how good a man he is or how poor in working qualities, good, bad or indifferent, all get the same wages. The most practical growers there strongly advocate piece work for next season.

Representative Glenn Terrell, who was a member of the legislative committee appointed to visit the University of Florida, in writing to The Sumter County Times of his visit to Gainesville, pays the city this compliment: "Besides the six hundred acres of land mentioned above, the city has built a broad rock road with concrete pavements on each side from the business part of town out to the University, they also furnish free water and electricity, take a great pride in the institution and contribute liberally to every cause that looks to its prosperity and upbuilding. * * * A more beautiful and attractive spot in all Florida could not have been selected for its location."

A TRIBUTE TO MOTHER.

Mother's Day was observed several weeks ago but its influence will be felt as long as Florida is a State, says The Manatee River Journal. The yearly observance of that day will be a means of keeping sweet memories aglow, and many a mother's boy will live that day, at least, an honest man—as his mother would have him live. The following beautiful tribute from the pen of Editor Hetherington of The Lakeland Sun has been published throughout the State and is well worth publishing a thousand times more. We reproduce for two reasons: First because of its worth, and second, because of the worth of the man who penned it. Back in the hills of "old Kentucky" we knew and loved him. He must have had a good mother for he is a good man, and today, though the years have gone, her influence through him is being felt by the "mothers boys" of Florida, who will be touched by the following tribute to "mother:"

"He never knew her. His coming into the world was the signal for her going forth. A few brief days she clasped him to her heart—the heart whose last beats were most for him; then, ere the baby eyes had learned to look with recognition upon her, she kissed them closed—and closed her own forever.

"Vaguely through life he missed her. Times, as a boy, when the night wind moaned outside, and within fantastic figures and shapes of fear formed in the darkness, he cowered beneath the covers of his cot and wept passionately for something that he wanted but could not name—though afterward he knew that the thing he craved was sheltering mother love. His playmates had ever a source of unfailing love and sympathy from which he saw them copiously and continually draw; and he felt that the Fates had left something out of the scheme of his life, and in the midst of the buoyancy of youth his eyes would grow wistful and his heart be sad.

"Then a man—and sometimes, after the struggle of the day, when came the quiet hour—musing o'er flood and field, or gazing far out into the sad and solemn sea—he would dream of the land beyond the setting sun—of the mystic glories which eye hath not seen—and of her, who loved him first! Aye, others came and crept into his heart, and filled it with a love that was almost pain; but in its innermost holy of holies he kept ever a chamber inviolate for the mother he never knew.

"And it pleased him to believe that though he saw her not, she walked through life beside him, and many times made her presence felt in sweet suggestion or kindly need, in silent stirrings of the heart that turned him from temptation's way. And whatever of good or gentleness or generous impulse ever blossomed in his life, to her he gave the credit.

"Therefore, on Mother's Day, when thousands have the blessed privilege of laying the votive offering of their love at living mothers' feet, and other thousands live over tender memories of days when mothers walked by their side—he wears the white flower for her to whom he believes his nature owes its best.

"So in the dust of this dear day while the flower is fading, though its fragrance lingers still, he writes these lines for the sake of those who, like to him, knew mother only in the land of dreams."

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. STATE PRESS COMMENT.

Tampa Tribune: "Editor L'Engle says he can't afford to take that Atlanta editorial job at $5,000 a year, because that sum wouldn't keep him in a clean shirt every day. The strenuous life into which Claude would be plunged in Atlanta would require several changes of linen daily."

Brooksville Southern Argus: "The recommendation of Governor Gilchrist to make Abraham Lincoln's birthday a legal holiday does not strike a responsive chord in many hearts in Florida. Until the State has a Jeff Davis day, it is outside of the proprieties to have a Lincoln day in Jeff Davis' country. It is nice to be liberal, but not to 'slopover.'"

Starke Telegraph: "Hon. James Alexander of Volusia county announced on the floor of the House a few days ago that he would retire from political life after the adjournment of the present session of the Legislature. It is also announced that Hon. R. Hudson Burr will retire at the conclusion of his present term as Railroad Commissioner."

To engage the piper and listen to his playing is one thing, to pay the piper is another thing. The landowners in England are indignant at the government taxing the unearned increment and at the increased income tax, and the none too refined billingsgate they use in denouncing the government and its budget is amusing. But the landowners have brought the trouble upon themselves. They have so created one war scare after another and have so insistently demanded a large number of dreadnaughts that the ministry was compelled to build or provide for building many more than it intended. As one single battleship of that class costs somewhere about $10,000,000 it is easy to see that not many can be built without greatly increasing the taxation. Very rightly the government decided that, so far as possible, the class that can best afford it and which is mainly responsible for the higher taxation, should pay the cost, and parliament by an enormous majority supports the government's view. If the bitter experience this is giving the landowners will put a stop to scare-mongering it will be a good thing for more than one nation.

BEXLEY AND OSTEEN RELEASED ON BOND

FURNISHED BY INFLUENTIAL FRIENDS FRIDAY AFTERNOON.

Case Has Been Appealed to Supreme Court and They Are Under Bond Pending Decision.

W. A. Bexley and Truby Osteen, who have been confined in the county jail for the past several months charged with the murder of W. H. Moreland, were released on bond late Friday evening.

They were tried at the last term of court and convicted of manslaughter, being sentenced to serve a term of nine years each in the State prison, but through their attorneys have appealed the case to the Supreme Court of the State, and their bonds having been fixed at $3,000 each were readily given by friends of the young men and they are again free pending the decision of the higher court.

Death of Old Citizen.

W. H. Holbrook, an old and highly respected citizen of Grove Park, died at his home Thursday evening and was buried at that place Friday.

Deceased was in his seventy-eighth year, coming to this State from the North some twenty years ago, and at once bought a fine orange grove at Grove Park, which was bringing him handsome returns at the time of the great freeze.

During the past few years he had been in feeble health, but never complained of his illness and was content to remain close at his home and enjoy the comforts that were afforded him owing to prosperity accorded him in former days.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Gainesville People Know How to Save It.

Many Gainesville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Gainesville citizen's recommendation:

Mrs. E. H. Walters, 108 N. Oak avenue, Gainesville, Fla., says: "My kidneys were disordered for some time and I could find nothing that would relieve me. I suffered greatly from headaches and was often so dizzy that I could not stand. Seeing Doan's Kidney Pills advertised, I procured a box and began their use. They acted quickly and it was not long before I received relief. I have no hesitation in giving Doan's Kidneny Pills my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. HISTORICAL RECEPTION.

Tendered at Elegant New Home of Dr. and Mrs. J. L. Kelley.

It would require a gifted pen to write of the cordial and beautiful memorial reception held in honor of Jefferson Davis June 3rd, 1909.

Dr. and Mrs. J. L. Kelley courteously extended their first greeting to the Daughters and their friends within the walls of their new and elegant home, 508 South Arredondo street.

The following ladies formed the receiving line: Mrs. J. L. Kelley, Mrs. J. W. Tench, Mrs. Jno. M. Taylor, State recording secretary, Mrs. J. W. Stephens, Lake City, State registrar, Mrs. W. J. Cook, Jacksonville, chairman Soldiers' Home, Mrs. J. L. Medlin and Miss Millie Adamson.

The occasion was one of the most interesting historical functions, to which the chapter leaves no stone unturned toward making a pleasure and delight. Their aim is to carry the hearts of our older women back to the glorious days of the Old South by song and story, and to awaken an interest in the hearts of the young for research into the lives and characters of the great men and women who made the history of this part of our country so courageous under trials, so magnificent under defeat and disappointment.

Much pleasure and enthusiasm was afforded by the presence of the guests of honor, Mrs. W. J. Cook, chairman of the Soldiers' Home, whose considerate care of the old veterans on all occasions is an inspiration, and Mrs. J. W. Stephens, upon whom our Daughters depend for the honor of being properly accredited in history on the Registrar's book of Florida Division, U. D. C..

The address of welcome by Mrs. Kelley, with her reading of historical papers, the beautiful letter of greeting from our much admired and beloved State President, Sister Esther Carlotta, the songs and music contributed by friends and joined in by the audience, added largely to the spirit of the evening. The song, "Florida, My Florida," words by our State president, to the tune of "Maryland, My Maryland," by Miss Titman and the young ladies, was greatly enjoyed.

The address on the life and character of Jefferson Davis, by an old Confederate veteran, Major John W. Tench, was appreciated, as it gave the statesman, the master and the home-life of Mr. Davis in such light that it appealed to the large audience.

The program was concluded with the singing of "Dixie."

Thus the delightful refreshments and social spirit of our people and visitors marked the one hundredth and first birthday of the South's greatest chieftain, Jefferson Davis.

Tom Boulware at Ocala.

Tom Boulware of Gainesville, Alachua county, and a member of Stonewall Camp, who attended the Second Brigade Reunion in Ocala, is one of the sons that suffered the ravages of war. His parents lived near Hawthorn, and when the Federal forces invaded Florida and purposed taking Gainesville, his mother had him mount a two-year-old colt and make a night ride to Gainesville and inform Capt. Dickerson of the Federal advance and position, their destroying the gin house and all its contents, eighteen bales of ginned cotton and whatever other property the invaders could lay their hands on at the Boulware plantation. The commander of the Federals insisting on knowing where Mrs. Boulware's husband was, she replied, "you will hear from him at sunrise," and sure enough, her fourteen-year-old son having notified Capt. Dickerson at Gainesville, that "Gray Fox" was there, at sunrise routed the enemy and struck consternation into their ranks and cleared the country of them. Tom Boulware from then on fought through the war and would be fighting yet if he had his way.—Ocala Star, 4th.

SECOND BRIGADE TO MEET IN GAINESVILLE

RESOLUTION TO THIS EFFECT ADOPTED AT OCALA.

The Time Has Not Been Designated, But Will Be Named By Stonewall Camp.

In chronicling the proceedings of the last day's meeting of the Second Brigade, Florida Division, United Confederate Veterans, The Ocala Banner of Friday says:

"The commander suggested that it would be in order to designate the next time and place for holding the next re-union of the brigade.

"Commander Blitch of the Stonewall Camp stated that the time and place for holding the annual reunion had always been left to the general commanding and his staff.

"Comrade Jackson of the Stonewall Camp, in a short but pointed address, extended an invitation to meet in the city of Gainesville.

"Comrade Wilson of Inverness moved that the division accept the invitation to meet in Gainesville, and the Stonewall Camp to fix the time of meeting, suggesting that the time be set at a season of the year when the weather is neither too hot nor too cold.

"Comrade Payne, in the most spirited and vigorous speech of the session, advocated that the time be fixed for the hottest day in July, remarking that the old soldiers who had fought the great battles of the war in the hottest kind of weather ought not to dread a little hot weather at these annual reunions. Comrade Payne then passed on to a panegyric of the old soldier, and poured forth such a limpid flow of eloquence that the commanding officer officially designated him the Demosthenes of the brigade division.

"As some of the members seemed confused as to the counties that composed the Second Brigade, General Long enumerated them, towit: Baker, Bradford, Suwannee, Alachua, Columbia, Nassau, Duval, St. Johns, Putnam, Levy, Citrus, Hernando, Marion, Hamilton, Sumter, Pasco.

"After a great deal of discussion the following resolution was passed:

"'Resolved, That the next meeting of the Second Brigade be held in the city of Gainesville, and that Stonewall Camp name the time of meeting.'"

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

TWENTIETH CENTURY CLUB.

Hold Interesting Meeting at Home of Mrs. W. N. Wilson.

The last meeting of the Twentieth Century Club was held at the beautiful home of Mrs. W. N. Wilson, Mrs. F. D. Warner as hostess.

This being the time for the election of officers for the coming year, there was no literary program.

After the usual business of the hour had been transacted, the club proceeded to the election of officers, with the following result:

President, Mrs. J. M. Taylor; First Vice-President, Mrs. J. L. Medlin; Second Vice-President, Mrs. J. D. Stringfellow; Third Vice-President, Mrs. G. P. Morris; Corresponding Secretary, Mrs. W. B. Taylor; Recording Secretary, Mrs. M. Gross.

Mrs. Gross has been elected to succeed herself for the past three years, and so faithful and efficient has she proven that it would indeed be hard to find anyone to succeed her.

During the social hour, so much enjoyed by the club, Mrs. Warner, assisted by several friends, served most delicious refreshments, thus bringing to a close one of the most profitable as well as enjoyable years the club has ever known, and with the officers chosen to preside over its destinies for the coming year, even greater things may be accomplished and the continued success of the club assured.

CONTRACT AWARDED FOR TUCKER BUILDING

WILL BE OF BRICK AND CONTAIN FIVE STORE ROOMS.

Eddins Manufacturing Company Secures the Contract and Will Start Work at Early Date.

The Eddins Manufacturing Company have secured the contract for the erection of the Tucker building to be located on East Union street, and will begin work as soon as the material can be secured.

These store rooms, which will be located on the corner and run east to the Pedrick building, have been contemplated by Mrs. Lois Tucker for the past several months, but she was waiting until she was satisfied as to the rental of them before awarding the contract.

They will be constructed of brick and afford an excellent location for the merchants who have already engaged them, besides it will greatly improve the business along this already popular thoroughfare.

Besides this building, which is to be built at once, there will probably be other store buildings erected on the Pickett, Pound and Jeffords lots, near the Government building, during the coming summer, which shows that the people of Gainesville have great faith in the future of the city.

A Coy Maiden.

A girl played postoffice at a party and yelled and shrieked and howled and ran behind the door and scratched the young man's face in seven places, upset a lamp, kicked over the piano stool, and when he finally kissed her on the tip of the ear she fainted dead away and said she could never look anybody in the face again. They led the bashful, modest, gentle, sobbing creature home, and the next day she ran away with a married lightning rod peddler.—Altoona (Kan.) Tribune.

S.S.S. CURES OLD SORES

We want to show you in this short, but honest and reasonable talk, how and why S. S. S. cures Old Sores. We do not claim that S. S. S. works wonders, but we do know it will cure sores and ulcers, and its record of forty years past abundantly justifies this confidence.

Any old sore shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it of unhealthy matter from the circulation. In various ways the blood becomes contaminated and polluted. A long spell of fever, or other sickness, breeds disease germs in the system; the failure of nature's eliminative members to remove the waste and refuse matters of the body, the excessive use of minerals in certain diseases, infected wounds, bites and stings of insects, etc., all contaminate the blood with morbid matter and germs which sooner or later manifest their presence by a sore or ulcer which refuses to heal under the ordinary treatment of local applications.

External treatment can never cure a chronic sore or ulcer, because it does not reach the blood. The place will remain open as long as it is used as a drainage for the impurity which is in the blood, and in addition to the worry and anxiety caused by an old sore, there is always danger of its becoming cancerous, if a cure is not effected. Purify the blood, and nourish the flesh with a rich, healthy circulation, and then the place will heal of its own accord.

S. S. S. cures old sores by removing the causes which produce them. It goes down into the circulation, drives out all impurities and poisons, and by nourishing the flesh with rich, pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but, being the greatest of all blood purifiers, it begins at the bottom and by rebuilding broken down tissue, and supplying healthful, healing qualities to the circulation, causes the place to fill in with firm, healthy flesh, while it steadily but surely removes the cause and effects a permanent cure. The sore cannot remain when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

S. S. S. is for sale at all drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BAD SORE FROM AN OLD WOUND.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel and having on a blue woolen stocking, the place was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore.

256 Navy St., Brooklyn, N. Y. JNO. ELLIS.

A CANCEROUS ULCER.

I had a large sore or ulcer on my face and nothing I tried would benefit me. It began with shooting pains and soon the itching was terrible. At first it discharged a watery fluid which soon changed to one of thicker composition and the pain became very severe. It was nearly as large as a dollar and terribly inflamed in all the surrounding parts. It had been there so long and growing worse all the time, I became very much discouraged and alarmed. At last I began the use of S. S. S. At first the ulcer seemed to get worse, but I soon found that the poison was being removed from the blood and I continued to take S. S. S. It was not long before I noted a decided improvement and I kept up the use of the medicine until I was entirely cured of this cancerous ulcer. This has been some time ago and there is no sign of a return of the trouble.

Gary, Fla. MRS. W. A. WRIGHT.

POISONED FROM INSECT BITE.

Wilmington, N. C.

From the bite of an insect I was poisoned and had a dreadful sore on my ankle and took different treatments with no benefit. I was induced to try S. S. S., and after a few bottles it cleared my system and cleansed my blood and cured the sore. My mother took it for rheumatism, with success. I cheerfully recommend S. S. S. where a blood purifier is needed.
